computer knowledge-open office mcq-paper2

JPEG format is widely adopted for				
A B C	digital photography printing image editing All of the above			
Ans	wer: D			
JPE	G is a compression format.			
A B C	lossy lossless Both A & B None of the above			
Answer: A				
Selected portions may be distorted inside a cage using tool in GIMP.				
A B C	shear perspective cage transform tool IP			
Ans	wer: C			
BMP in image format stands for				
A B C	Binary Magnified Photo Binary Machine Picture Binary Machine Photo BitMaP			
Ans	wer: D			
Alpl	na value between 0 and maxim represents colour.			
A B C	opaque transparent semitransparent None of the above			
Answer: C				
Maximum alpha value represents colour.				

A	opaque					
В	transparent					
C	semitransparent					
D	None of the above					
Ans	Answer: B					
Alp	ha value of 0 represents colour.					
A	opaque					
В	transparent					
C	semitransparent					
D	None of the above					
Ans	swer : A					
Any	visible color can be created using an appropriate combination of					
A	Red					
В	Green					
C	Blue					
D	All of the above					
Ans	swer: D					
	swer: D ge may be flipped (horizontally or vertically) using the tool in GIMP.					
	ge may be flipped (horizontally or vertically) using the tool in GIMP.					
Ima	ge may be flipped (horizontally or vertically) using the tool in GIMP.					
Ima	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective					
Ima A B	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip					
Ima A B	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective					
Ima A B C	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip					
Ima A B C D	shear perspective ip cage transform tool					
Ima A B C D	shear perspective ip cage transform tool swer: C h pixel possesses the properties of					
Ima A B C D	shear perspective ip cage transform tool swer: C h pixel possesses the properties of Colour					
Ima A B C D Ans	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip cage transform tool swer: C th pixel possesses the properties of Colour Transparency (alpha)					
Ima A B C D Ans Eac	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip cage transform tool swer: C h pixel possesses the properties of Colour Transparency (alpha) Both A & B					
Ima A B C D Ans Eac	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip cage transform tool swer: C th pixel possesses the properties of Colour Transparency (alpha)					
Ima A B C D Ans Eac A B C	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip cage transform tool swer: C h pixel possesses the properties of Colour Transparency (alpha) Both A & B					
Ima A B C D Ans Eac A B C D	shear perspective ip cage transform tool swer: C h pixel possesses the properties of Colour Transparency (alpha) Both A & B None of the above					
Ima A B C D Ans Eac A B C D	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip cage transform tool swer: C h pixel possesses the properties of Colour Transparency (alpha) Both A & B None of the above swer: C					
Ima A B C D Ans Eac A B C D Tex	ge may be flipped (horizontally or vertically) using the tool in GIMP. shear perspective ip cage transform tool swer: C th pixel possesses the properties of Colour Transparency (alpha) Both A & B None of the above swer: C t can be inserted into an image using tool in GIMP.					

Answer: Aare the important properties of images. A Colour B Width C Height D All of the above Answer: D In OpenOffice.org, presentation can be prepared usingapplication A writer B calc C draw D impress Answer: D PNG in digital imaging stands for A Palate Network Graphics B Portable Network Graphics C Portable Number Graphics D Portable Network Grayscale Answer: B In digital imaging, GIF stands for A Graphics Interchange Frame B Graphics Interchange Format C Graphics Intersection Format D Graphics Intersection Format Answer: B JPG or JPEG in image format stands for A Joint Photographic Experts Group B Joint Picture Experts Group C Joint Photographic Experts Group C Joint Photographic Experts Graph	D	pencil			
A Colour B Width C Height D All of the above Answer: D In OpenOffice.org, presentation can be prepared usingapplication A writer B calc C draw D impress Answer: D PNG in digital imaging stands for A Palate Network Graphics B Portable Network Graphics C Portable Number Graphics D Portable Network Grayscale Answer: B In digital imaging, GIF stands for A Graphics Interchange Frame B Graphics Interchange Format C Graphics Intersection Format D Graphics Intersection Format Answer: B JOint Photographic Experts Group Joint Picture Experts Group Joint Picture Experts Group	Ans	wer: A

JPG or JPEG in image format stands for A Joint Photographic Experts Group B Joint Picture Experts Group	В	Graphics Interchange Format Graphics Interlaced Format			
A Joint Photographic Experts Group B Joint Picture Experts Group	Answer: B				
Joint Picture Experts Group	JPG or JPEG in image format stands for				
D Joint Photographic Experts General	В	Joint Picture Experts Group Joint Photographic Experts Graph			

Answer: A

PSD	file extension stands for
A	Photo Shop Drawing
Б	Picture Shop Document
C	Photo Scan Document
D	Photo Shop Document
Ans	wer: D
Lay	ers may be aligned using the tool in GIMP.
Α	crop tool
П	alignment tool
	rotate tool
D	scale tool
Ans	wer: B
Ope	Office.org drawing file has extension of
Α	.odt
В	.ods
С	.opg
D	.odg
Ans	.ods .opg .odg wer: D
Α	writer
В	calc
C	draw
D	impress

Answer: B
